About  
US

EAST  
FLAG

East Flag and Display, your Professional and Reliable Partner.

After continuous improvement to test the flags and poles, we finally surprise you with "The Better Beach Flag System", the special quality on the market. You will get refresh ideas with our fiberglass poles, flag template, workmanship and all the bases.

We believe you will cherish the same choice as us: the real products can support your business. From each detail to all spare parts, you will find the right and valuable information you need, and you will trust your choice will be the top level in the market with the quality.

East Flag™ registered in June 2018, focus on all kinds of outdoor and indoor advertising products for beach flags, advertising flags, pop up Gazebos, EZ tube banner displays and SEG frame light box. We have multiple production lines with high productivity, which can guarantee quick mass production with competitive price at professional high quality. That's our mutual foundation to support us on further development of our business.

We already surprised our customers over 15 countries with beach flag packages without any claim but high praise. All double side series have already been tested in any size and any format over 3 months, we value your experience working with us and looking forward to establishing a long-term cooperation.

Sincerely,

East Flag Team
